

## GRIB EXPO / 10 November 2014

### The Big Data Challenge

The UPF/IMIM Research Programme on Biomedical Informatics invites you to the **GRIB EXPO**, a scientific exhibition on biomedical informatics. At **GRIB EXPO**, you will have the chance to interact with scientists working on the computational tools to shape the future of healthcare and drug discovery.

Participation is free and open to all academic, health and industrial organisations.  
Registration at [coliver@imim.es](mailto:coliver@imim.es)

Venue: Barcelona Biomedical Research Park (PRBB), C/ Doctor Aiguader, 83
